

Norwich Interventional Radiology: Advanced Endovascular Workshop

July 5th 2024 08:30 – 17:00

Run by a group of experienced interventional radiologists and vascular surgeons our one day advanced endovascular workshop will cover subjects involving live case demonstrations, practical sessions and short talks, with:

- *Live/ recorded case demonstration (EVAR and FEVAR)*
- *Case-based simulator experience in endovascular procedures (angioplasty, stenting and EVAR)*
- *CT Angiogram interpretation and EVAR planning*
- *Discussion on tools and kit used in endovascular procedures.*
- *Tips & tricks in difficult cases.*

To register your interest and secure yourself a place on this year's course please direct your enquiries to eo.e.imagingacademy@nnuh.nhs.uk - Tickets £100 (£40, reimbursed on attendance, for East of England trainees) - The course is limited to 8 spaces to ensure adequate hands-on experience, so be sure to book your tickets asap.
