

# Norwich Interventional Radiology: Image Guided Intervention-for beginners

July 4th 2024 08:30 - 17:00

Run by a group of experienced interventional radiologists lead by Dr Tariq Ali & Dr Kelvin Tan our one day course involves observing live cases, attending practical sessions with hands on experience, short talks and is a great opportunity for radiology trainees between ST1-3 to ask questions on how to get into the specialty. Subjects the event will cover:

- *Case based simulator experience in endovascular procedures*
- *Hands on US guided procedures using phantoms*
- *Observing a live/recorded case*
- *Discussion of tools and kit used in image guided procedures.*
- *Short talk and discussion on how to get into IR*
- *Guest speaker session*

To register your interest and secure yourself a place on this year's course please direct your enquiries to [eo.e.imagingacademy@nnuh.nhs.uk](mailto:eo.e.imagingacademy@nnuh.nhs.uk) - Tickets £100 (£40, reimbursed on attendance, for East of England trainees) - The course is limited to 12 spaces to ensure adequate hands-on experience, so be sure to book your tickets asap.
